**PREAMBLE**
Sri Sai Ram Engineering College, Chennai, established in the year 1995 by M.J. L. Leo Muthu, Chairman of Sapthagiri Educational Trust, is non-profitable and non-minority institution. The college buildings are architecturally designed with 25,000 sq. meters plinth area as per AICTE norms. Imbided with the message of Sri Shirdi Sai Baba, our Chairman ventured into the realm of providing quality technical education to both urban and rural students from Tamil Nadu as well as other states. Now, Sri Sai Ram Engineering College has developed into a reputed Engineering Institution with ISO 9001:2008 Certification and all our Engineering programs got accredited by National Board of Accreditation. The college is affiliated to Anna University and is also approved by All India Council for Technical Education (AICTE), New Delhi.

**LOCATION**
The College is functioning at Sai Leo Nagar in a sprawling campus of 300 acres near the well-known fascinating Theme Park, "Kishkinta."

**DEPARTMENT PROFILE**
Started in the year 1995, the department holds the pride of accreditation awarded by NBA for 5 years. This department boasts well experienced and technically excelling faculty, to impart knowledge and skills to inculcate the professional responsibilities to play leadership role along their diverse career paths and develop capability to utilize engineering skills in industry, research centers and national laboratories and entrepreneurship. The sincere efforts of our faculty to motivate the students have produced remarkable achievements in Co-curricular and Extra-curricular activities. The dedication of our Faculty and the keen interest exhibited by our students have produced a commendable academic record with university ranks and gold medal every year. We hold a privilege that even before their graduation, 80 - 90% of the students are placed and the remaining immediately after their graduation. The laboratory infrastructure of the department is excellent with state of art equipments and software related to the field of Engineering. In order to inculcate R & D acumen among the students, the department faculty encourages the students to implement innovative ideas in their project works.

**THEME OF THE CONFERENCE**
The aim of the conference is to create a world class gathering of intuitive students, and innovative researchers from academia and industry. Acceptance of global competitiveness and unlimited innovations are emerging as the most critical elements in wealth generation in the current world economy. Transitions into a developed nation and empowered society shall not be a far away dream but shall be a near future reality. The need for linking science and technology to the growth of India shall be intensified and improved by conferences of this kind.

The field of Information and Communication Technology in India has registered a remarkable and astonishing growth during the recent years and is surging ahead to capture a fair share of the global market. The need of the hour is highly research oriented and motivated Communication and Computer professionals who can keep pace with the latest developments in the fields A conference of this nature is the premier and appropriate forum for the presentation, exchanging and sharing the new advances, approaches and research results. This will enhance and benefit the human society at large since the conference will bring together reading researchers, engineers and scientists in the domain of interest.

**CALL FOR PAPERS**
Original contributions are solicited for presentation at the National Conference on Advanced Communication & Computing Techniques 2014.

The topics of interest include (but are not limited to) the following:
- Wireless Communication
- Telecommunication and Virtual Networks
- Networking Protocol and Routing Algorithm
- Speech Processing & Recognition
- Antennas for Wearable Application & Wireless Communications
- AI Techniques for Microwave Circuits / Antennas
- VLSI and Embedded System for Communication
- Network Security
- Image and Signal Processing
- Bio-signal Applications
- Social Networking and IP Communication
- Cloud Computing
- Mobile Computing
- Adhoc Networks
- Optical Network and Systems

The full paper should be in accordance with IEEE format not exceeding 6 pages.

Best papers presented in the Conference will be published in the International Journal of Research and Technology (IJERT).
