

To enrich knowledge of the faculty of Engineering colleges in the recent developing field of Machine Learning, A six day FDTP (Faculty Development Training Programme on "Machine Learning and Data manipulation using R and SQL" was organised by the Department of Electronics and Communication Engineering of Sri Sairam Engineering College.

Around 25 faculty from various Institutions in and around Chennai attended the FDTP. Sessions were handled by Kalairaj Rajendran, Lead Software Engineer, CTS, Chennai and U Jayachandiran, Assistant Professor, Department of ECE, Sri Sairam Engineering College. Apart from hands on lab sessions, various topics such as Linear Models for Regression, Linear Models for Classification, Continuous Latent Variables, Sequential Data, Concept Learning, Computational Learning Theory, Reinforced Learning, Tutorials & Quiz were also handled by the resource persons. The FDTP was concluded with Valedictory function on 6.11.19, headed by the Principal, Dr A Rajendra Prasad. Head of the Department Dr J Raja, Coordinators Ms S Kohila, Associate Professor, ECE and Ms V Sasikala, Assistant Professor, ECE were also present. The feedback given by the participants speak the usefulness of the programme.
